

Challenge 25 Policy

We operate the “challenge 25” scheme on the premises. All staff members are trained in how the scheme works, with a training record kept behind the bar. Staff understand that they are personally responsible for ensuring no underage drinkers are being served alcohol.

A refusal of alcohol sale log book is kept next to the till, and must be filled in when a sale is refused.

Posters are prominently placed behind the bar to inform customers that we operate this scheme.

In the unlikely event that there are repeat offenders, they will be barred from the clubhouse in accordance with our club constitution.

Further information on how we implement our alcohol license can be found in our alcohol policy.
